June 2026

Dear Hiring Manager,

I am writing to express my interest in opportunities related to Accounting, Accounting Information Systems, Data Analytics, or Business Operations within your organization. I am a fresh graduate of the Bachelor of Science in Accounting Information Systems program at Power School of Technology Inc., graduating on June 13, 2026. Through my academic training and leadership experience, I have developed a strong foundation in accounting principles, information systems, data management, and business processes.

During my studies, I gained experience using Microsoft Office applications, Power BI, Microsoft Access, PostgreSQL, ERP systems, HTML/CSS, Java, and data analytics tools. These experiences strengthened my analytical thinking, problem-solving abilities, and understanding of how technology supports effective business and financial operations. As a consistent honor student and scholar, I consistently demonstrated dedication, discipline, and a commitment to continuous learning.

In addition to my academic achievements, I served as Treasurer of our Student Council, where I managed event budgets of approximately ₱300,000 for activities involving more than 300 students. I maintained financial records, prepared reports using Microsoft Excel, coordinated with vendors, and helped implement cost-saving initiatives. I also led fundraising activities that generated ₱120,000 in additional revenue for student programs. These experiences enhanced my financial management, organizational, communication, and leadership skills.

As a recent graduate entering the professional workforce, I am eager to apply my knowledge in a practical environment while continuing to learn and grow. I am highly adaptable, detail-oriented, and coachable, with a strong willingness to take on new challenges and contribute positively to organizational goals. I am confident that my combination of accounting knowledge, technical skills, and dedication to excellence would make me a valuable addition to your team.

Thank you for your time and consideration. I welcome the opportunity to discuss how my qualifications align with your organization's needs. I look forward to hearing from you.

Sincerely,

Angela Mariz Arella Hullon
